

/home/csl/StudyCPP
/artwork/timer/include
/timer.h

```
graph TD; A["/home/csl/StudyCPP<br>/artwork/timer/include<br>/timer.h"] --> B[chrono]; A --> C[iostream]; A --> D[string]; A --> E[thread]; A --> F[type_traits];
```

The diagram illustrates the include dependencies of the file `/home/csl/StudyCPP/artwork/timer/include/timer.h`. A central gray box at the top contains the file path. Five blue arrows point downwards from this box to five separate white boxes, each representing an included header: `chrono`, `iostream`, `string`, `thread`, and `type_traits`.

chrono

iostream

string

thread

type_traits
